HOUSE COMMITTEE CLERK Mary Lou Terrien

Redistricting and Elections Committee Members:

My husband and I would like to voice our opinion about the National Popular Vote Compact in Michigan. We are against this compact and do not want elections to be decided by popular vote. Anything this issue needs to go through appropriate channels and be decided by 38 of the legislatures of the all states for or against. We request that this issue be a non-issue for the great State of Michigan.
